

Chief Electricians & Electricians - Oil & Gas Drilling Operations

Papua New Guinea | 28 Days On / 28 Days Off | Excellent Day Rates | Long-Term Ongoing Contract

High Arctic Energy Services is seeking experienced **Chief Electricians and Electricians** to join our drilling operations team in Papua New Guinea. These positions offer the opportunity to work on a long-term client contract supporting critical drilling operations in a dynamic, safety-focused environment.

Whether you're an experienced electrical leader or a skilled tradesperson looking to further your career in the oil and gas industry, we want to hear from you.

About the Roles

Working within our maintenance team, you will be responsible for the inspection, maintenance, troubleshooting and repair of drilling rig electrical systems and equipment, ensuring safe, reliable and efficient operations. Chief Electricians will also lead and mentor electrical personnel, coordinate maintenance activities and drive continuous improvement initiatives.

What We're Looking For

Electricians

- Electrical Trade Qualification and relevant electrical licence
- Minimum 4 – 5 years' industrial electrical maintenance experience
- Strong fault-finding and troubleshooting skills
- Commitment to safety and operational excellence
- Oil & Gas or drilling rig experience highly regarded

Chief Electricians

- Electrical Trade Qualification and relevant electrical licence
- For PNG Citizens – must hold a valid PNG Power National Energy Authority (NEA) License
- Minimum 5-7 years' experience in oil and gas drilling rig electrical maintenance
- Proven leadership and team management experience
- Experience with maintenance planning and CMMS systems
- Strong commitment to safety leadership and personnel development

Why Join High Arctic?

At High Arctic, our people are our greatest asset. We foster a culture built on safety, teamwork, accountability and respect, where employees are empowered to contribute, develop their skills and make

a real impact. We value strong leadership, open communication and continuous improvement, creating an environment where people are supported to succeed both professionally and personally.

What's On Offer

- 28 Days On / 28 Days Off roster
- Excellent day rates
- Long-term ongoing contract with a major client
- Flights provided from point of hire to site
- Accommodation and all meals provided whilst on roster
- Work with industry-leading drilling equipment and technology
- Strong safety-first culture and supportive leadership team
- Career development, training and advancement opportunities
- Join a highly experienced and collaborative workforce delivering critical energy projects

If you're looking for a rewarding role with excellent earning potential, lifestyle-friendly roster arrangements and the opportunity to work with a respected industry leader, we'd love to hear from you.

Apply now and become part of a team committed to safety, reliability and operational excellence.

If your experience, skills, qualifications, and attributes meet the above-nominated specifications, please email your CV, Qualifications, References, and Licenses to: jobspng@higharctic.com

Applications Close: Friday 31st July 2026.
