Financial Results Summary

Contact Information

Our main market – Papua New Guinea

LNG

One of the world's great emerging markets

- Part of the British Commonwealth with a parliamentary democracy
- Natural Resources is primary GDP contributor
- Low-cost reliable source of LNG to Asian markets
- Positioned on the *Ring-of-fire* - untapped geothermal energy source

Frontier environment requires specialists

- Remote mountainous tropical jungle locations
- Minimal road and communications infrastructure
- Culturally diverse – home to over 10% of the world's languages
- Ongoing community engagement essential

Major Project
Participants

Exxon

Santos

LNG - PNG'S LEADING EXPORT

PNG LNG

- De-risked PNG for major capital projects
- ExxonMobil is the operator, Santos is largest stakeholder
- Completed 2014
- 9.0 tcf of natural gas
- 1.0 bcf/d Capacity – 2 trains
- P'nyang gas development agreement signed 2022, fiscal stability agreement signed in 2024
 - additional LNG train with 3rd party access

bbl = US barrel; bcf = billion cubic feet; tcf = trillion cubic feet.

LNG – EXPANSION PROJECTS

Papua LNG Project

- Ownership: TotalEnergies (operator), ExxonMobil and Santos
- Elk-Antelope fields
- 4 train LNG plant EPC Contractor awarded
- FID now expected in mid 2026
- Significant surrounding unexplored acreage

Western Corridor

- Significant number of gas discoveries with potential to aggregate
- Kumul Petroleum planning appraisal of Kimu & Barikewa

RELENTLESS FOCUS ON QUALITY

VISION

With a relentless focus on quality, be recognized as a trusted provider of solutions

- 19 Years of operations in remote PNG
- Winner of IADC–AC Safety Statistics Award
2015, 2017, 2018, 2019
- 10 Years Recordable Incident Free operations
- 4.8 Million Recordable Incident Free Work Hours

Focusing on quality and local workforce development has positioned High Arctic as the first-choice contractor in the PNG energy sector

HIGH ARCTIC'S WORLD CLASS OPERATION

High Arctic Rigs

- Rig 115 and Rig 116
 - Tier – 1, 1500 HP, 750,000 lbs hookload
 - Highly versatile – road, light helicopter, heavy helicopter
 - Ideal exploration and appraisal workhorses
- Rig 102 - 340,000 lbs midsize hydraulic workover unit

Customer Rigs

- Rig 103
 - Tier – 1, 1500 HP, 750,000 lbs hookload
 - Road and heavy helicopter only
 - Proven efficient appraisal and development rigs

“Leapfrog” rig designs substantially improve time between completion of drilling activity and start of the next well.

Rentals

- Cranes, trucks, forklifts & other material handling equipment
- Generators, lighting, pumps and assorted mobile equipment

Camps

- 8 - 103 bed Heli-portable camps

Worksite Matting

- Inventory of 4,000 rental mats

Manpower Solutions

- Training & development
- Competency assessment
- Labor hire

Atlas Copco Power Technique¹

- Only authorised distributor in PNG
- Sales, rentals and after-market service
- Power generators
- Air compression
- Water pumps
- Battery & solar solutions

Fire Services²

- Fire monitoring & deluge systems
- Installations and refurbishment
- Inspections and testing
- Compliance management

1. New offering commenced in Q2 2026

2. New service line commenced in Q3 2025

Our PNG Strategy

Business strategy

- Leverage core PNG planning and logistics capability to diversify our service offerings
- Deploy idle assets to profitable operations
- Strengthen local content & participation in PNG finance and investment communities
- Establish an efficient corporate structure
- Seek out opportunities to expand and root the business in the Australasian region

Current Objectives

- Relentless focus on safety excellence and quality service delivery
- Grow the Equipment Rentals and Fire Services business offerings
- Pursue pathways to return idle drilling assets into service
- Maximise potential participation in future major PNG projects
- Pursue expansionary transactions that increase shareholder value

DISCLAIMER & NOTICE OF FORWARD LOOKING STATEMENTS

While every effort is made to provide accurate and complete information, High Arctic Overseas Holdings Corp. (“High Arctic”) does not warrant that the information in this presentation is free from errors or omissions or is suitable for its intended use. Subject to any terms implied by law which cannot be excluded, High Arctic accepts no responsibility for any loss, damage, cost or expense (whether direct or indirect) incurred by you as a result of any error, omission or misrepresentation in information in this presentation. All information in this presentation is subject to change without notice.

Readers are cautioned that this presentation contained certain forward-looking information which are subject to particular risks associated with the energy services industry and emerging economies. High Arctic believes there are reasonable grounds for the expectations on which the statements are based. However actual outcomes could differ materially due to a range of factors including general economic and business conditions, ability to raise capital and manage debt obligations, demand for and market prices for the High Arctic’s services, commodity prices (particularly oil and gas) and the impact that they have on industry activity, continued safety performance excellence, ongoing relationship with major customers, marketing successfully to current and new customers, realization of growth opportunities, materialization of gas projects in PNG, LNG expansion in PNG, Papua LNG project advancement, P’nyang gas field development, development of the western corridor, treatment under governmental regulatory regimes, other government issues and approvals, political uncertainty and civil unrest, currency fluctuations, the impact of climate change policy. For additional information on these risks, please take a look under the heading Risk Factors in our Management’s Discussion and Analysis published on Sedar+ www.sedarplus.ca.

Adjusted EBITDA or (adjusted earnings before interest, tax, depreciation and amortization), *Funds Flow from Operating Activities* and *Working Capital* (current assets less current liabilities) are non-IFRS measures and do not have standardized meanings prescribed by IFRS and are presented to provide a more meaningful understanding of the underlying financial performance of each Party. These non-IFRS financial measures are derived from the financial statements, which have been subject to review by the corporation’s auditors and are available on Sedar+ and are not intended to represent IFRS measures such as net earnings, refer to “Non-IFRS Measures” section in our Management’s Discussion and Analysis.
